

8th International conference on Cyber Security, Privacy in Communication Networks (ICCS) 2022

December 12-13, 2022

-: Call for Papers: -

Special Session: Computational Intelligence and Analytics

Session Chairperson- Dr. Krishna Kumar Mohbey and Gaurav Meena

Organisation- Central University of Rajasthan, Ajmer, India

Email- kmohbey@curaj.ac.in, gaurav.meena@curaj.ac.in

The commercial world and academic institutions have already begun shifting their paradigms about AI, data science, and engineering. AI and data science combine computer science, analytics, mathematics, and information science theories to evaluate massive amounts of data derived from various sources and provide actionable insights. Researchers are encouraged to use original, unpublished works that deal with theories and applications of AI and data science in the disciplines listed below and others linked to them.

Topics: -

- Artificial Intelligence
- Machine Learning and Deep Learning
- Data Mining and Big Data Analytics
- Computer Vision
- Image Processing
- Search Engine Optimization
- Sentimental Analysis
- Natural Language Processing
- Speech and Gesture Analysis
- Big Data Analytics
- Predictive Analysis
- AI in Healthcare

Note: The details for the submission process are mentioned on the website. Please choose topic **Computational Intelligence and Analytics** while submitting the paper.
